FORMALITIES LETTER

Date Mailed: 06/01/2004

NOTICE OF OMITTED ITEM(S) IN A NONPROVISIONAL APPLICATION

FILED UNDER 37 CFR 1.53(b)

A filing date has been accorded to the above-identified nonprovisional application papers; however, the following item(s) appear to have been omitted from the application:

- Figure(s) 2 described in the specification.

I. Should applicant contend that the above-noted omitted item(s) was in fact deposited in the U.S. Patent and Trademark Office (USPTO) with the nonprovisional application papers, a copy of this Notice and a petition (and \$130.00 petition fee (37 CFR 1.17(h))) with evidence of such deposit **must** be filed within **TWO MONTHS** of the date of this Notice. The petition fee will be refunded if it is determined that the item(s) was received by the USPTO.

II. Should applicant desire to supply the omitted item(s) and accept the date that such omitted item(s) was filed in the USPTO as the filing date of the above-identified application, a copy of this Notice, the omitted item(s) (with a supplemental oath or declaration in compliance with 37 CFR 1.63 and 1.64 referring to such items), and a petition under 37 CFR 1.182 (with the \$130.00 petition fee (37 CFR 1.17(h))) requesting the later filing date **must** be filed within **TWO MONTHS** of the date of this Notice.

Applicant is advised that generally the filing fee required for an application is the filing fee in effect on the filing date accorded the application and that payment of the requisite basic filing fee on a date later than the filing date of the application requires payment of a surcharge (37 CFR 1.16(e)). To avoid processing delays and payment of a surcharge, applicant should submit any balance due for the requisite filing fee based on the later filing date being requested when submitting the omitted items(s) and the petition (and petition fee) requesting the later filing date.

III. The failure to file a petition (and petition fee) under the above options (I) or (II) within **TWO MONTHS** of the date of this Notice (37 CFR 1.181(f)) will be treated as a constructive acceptance by the applicant of the application as deposited in the USPTO. **THIS TWO MONTH PERIOD IS NOT EXTENDABLE UNDER 37 CFR 1.136(a) or (b).** In the absence of a timely filed petition in reply to this Notice, the application will maintain a filing date as of the date of deposit of the application papers in the USPTO, and original application papers (*i.e.*, the original disclosure of the invention) will include only those application papers present in the USPTO on the date of deposit.

In the event that applicant elects not to take action pursuant to options (I) or (II) above (thereby constructively electing option (III)), amendment of the specification to renumber the pages consecutively and cancel incomplete sentences caused by any omitted page(s), and/or amendment of the specification to cancel all references to any

omitted drawing(s), relabel the drawing figures to be numbered consecutively (if necessary), and correct the references in the specification to the drawing figures to correspond with any relabeled drawing figures, is required. A copy of the drawing figures showing the proposed changes in red ink should accompany with any drawing changes. Such amendment and/or correction to the drawing figures, if necessary, should be by way of preliminary amendment submitted prior to the first Office action to avoid delays in the prosecution of the application.

Replies should be mailed to: Mail Stop Missing Parts

**RESPONSE TO NOTICE OF OMITTED ITEM(S)
IN A NONPROVISIONAL APPLICATION**

Mail Stop Missing Parts
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

In response to the Notice of Omitted Item(s) in a Nonprovisional Application mailed on 6/1/04, please consider the accompanying remarks.

The Notice indicates that Figure 2 appears to have been omitted from the application and then identifies essentially two options for the Applicant. One option is based on whether the Applicant contends that the omitted item was in fact deposited in the USPTO (where the original filing date can be maintained) and the other option is based on whether the Applicant intends to supply the omitted items (where a new filing date will be assigned).

Neither option is applicable. More specifically, in response to the Notice, Applicant submits Figure 2 which, along with Figures 1 and 3-6, is identical to the same Figures found in the parent application. It is respectfully submitted that the filing date of 03/16/04 for the divisional application identified above be maintained and that a new Oath or Declaration is not necessary.

Applicant directs the Office to Section 18 of the Utility Patent Application Transmittal Form (PTO/SB/05) used for the subject application, a copy of which is enclosed. The final paragraph in this section states as follows;

For CONTINUATION or DIVISIONAL APPS only: The entire disclosure of the prior application, from which an oath or declaration is supplied under Box 5b, is considered a part of the disclosure of the accompanying continuation or divisional application and is hereby incorporated by reference. The incorporation can only be relied upon when a portion has been inadvertently omitted from the submitted application parts.

The attached Figure 2 was part of the prior application from which the declaration was supplied under Box 5b. As such, Figure 2 was considered part of the disclosure of the subject divisional application at the time of filing (03/16/04) and was incorporated by reference. The incorporation by reference is being relied upon because Figure 2 was inadvertently omitted from the submitted application papers of the above-identified divisional application. Applicant therefore submits that Figure 2 be accepted, that the above-identified divisional application be accorded the original filing date of 03/16/04, and that a new Oath or Declaration is not necessary.

No fees are believed due for this Response. However, if any fees are due the Commissioner is hereby authorized to charge payment or credit any overpayment to Deposit Account No. 08-2789. A duplicate copy of this sheet is enclosed.

Respectfully submitted,

HOWARD & HOWARD ATTORNEYS, P.C.
